

GOOD FINANCIAL CENTS

Making "cents" of your financial life.

THE LIFE INSURANCE SUPER SAVER CHECKLIST

WE DON'T HAVE ANY LIFE INSURANCE AT ALL!
AND IF WE HAVE DEPENDENTS,
THAT IS COMPLETELY UNACCEPTABLE.

35 MILLION

LIFE INSURANCE IS CHEAP.
WE WANT TO MAKE SURE YOU GET THE
RIGHT KIND OF INSURANCE AND YOU
DON'T PAY TOO MUCH.

*Don't be
one of these!*

- ☐ **1. Stick with Term.**
If your insurance agent suggests anything else (whole, indexed universal life, guaranteed) find another agent.
- ☐ **2. Avoid Non-Medical Policies (unless in a hurry).**
Non-medical policies might be issued much faster, but you'll pay for the convenience.
- ☐ **3. Don't Get Upsold.**
Life insurance can offer additional benefits called "riders". Some are good but most just cost more.
- ☐ **4. Make Sure It's an Independent Quote.**
Agents that work for big companies can often only sell their own companies stuff and it usually costs more. An independent agent should have your back.
- ☐ **5. Shop Around.**
Life insurance is a commodity and everyone is super competitive. A good independent agent should be able to shop around for you.
